

STRUCTURAL STABILITY CERTIFICATE

Date: 23 February 2026

This is to certify that I have inspected the building BJEM II School (G+3) owned and managed by Buxi Jagabandhu Education Society, situated over Plot No. 656, Khata No. 136, Mouza – Gotalagram, Dist – Khurda.

Based on the visual inspection of the structural components including foundations, columns, beams, slabs, walls, staircases, and other load-bearing elements, and to the best of my knowledge and belief, the structure appears to be structurally stable and safe for its intended use as an educational building, subject to proper maintenance and usage in accordance with design assumptions.

This certificate is issued on request of the owner for official purposes. It is valid for a period of one (1) year from the date of issue, i.e., valid up to 22 February 2027, unless any structural distress, alteration, additional loading, natural calamity, or deterioration is observed during this period, which may require re-inspection.

This certificate is issued without any liability arising from misuse, unauthorized structural modifications, or events beyond control.

Signature of the Registered Civil/Structural
Engineer With date and Emp. No.
